Statistics Canada owes the success of its statistical system to a longstanding partnership between Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued cooperation and goodwill.

Les données publiées dans les tableaux sont les données disponibles le 6 juillet 2007.

Les numéros de Cansim correspondant aux données de cette publication, aussi appelés les nombres vecteurs, apparaissent au-dessus de chaque colonne de données. Pour accéder à un numéro de vecteur dans Cansim, on doit taper la lettre «V» avant le numéro.

Annual data are averages of the monthly estimates except for benefit weeks and claims received, where the sums are used. Another estimate of EI, derived from annual tax returns filed with Revenue Canada, is also available on request.

The calculation of these figures changed as of July 1, 1996, as did the CANSIM identifiers for the series, due to definitional differences created by new legislation.

Includes all strikes and lockouts, legal or illegal, lasting one-half day or more and amounting to 10 or more person-days lost. Time lost by workers indirectly affected, such as those laid off because of a stoppage by other employees, is not included.

Effective annual % increase in base rates.

- 1 Les données annuelles sont obtenues en calculant la moyenne des totaux mensuels sauf dans le cas du nombre de prestations et des demandes initiales et renouvelées pour lesquelles on prend la somme. Une autre estimation annuelle du nombre de personnes visées par l'assurance-emploi, tirée des déclarations d'impôt de Revenu Canada, est disponible, sur demande.
- 2 Depuis le 1^{er} juillet 1996, ces séries sont calculées différemment et les numéros série dans CANSIM ont changé en raison des nouvelles définitions attribuables aux modifications législatives.
- 3 Comprendent tous les lock-out et les grèves, qu'ils soient légaux ou illégaux, d'une durée d'une demie-journée ou plus et représentant 10 jours-personnes ou plus de temps perdu. Le temps perdu par les travailleurs indirectement touchés, comme ceux qui sont mis à pied par suite de l'arrêt de travail d'autres employés, n'est pas compris.
- 4 Augmentation annuelle en % des taux de base en vigueur.

1 Total exports include domestic exports and re-exports.

2 The figures reflect a number of balance of payments adjustments applied to the customs totals to make them consistent with the concepts and definitions used in the system of national accounts. For more information, please refer to *Canada's Balance of International Payments* (Catalogue no. 67-001-XIE).

3 Sums of components do not equal totals, due to balance of payments adjustments.

1 Les exportations totales comprennent les exportations nationales et les réexportations.

2 Les chiffres tiennent compte d'un certain nombre d'ajustements de la balance des paiements apportés aux totaux douaniers afin de les rendre compatibles avec les concepts et les définitions utilisés dans le système de comptabilité nationale. Pour plus de renseignements, voir la publication *Balance des paiements internationaux du Canada* (n° 67-001-XIF au catalogue).

3 Le total ne correspond pas à la somme des composantes en raison des ajustements de la balance des paiements.

1 Annual data are averages of the monthly estimates except for benefit weeks and claims received, where the sums are used. Another estimate of EI coverage, derived from annual tax returns filed with Revenue Canada, is also available on request.

2 The calculation of these figures changed as of July 1, 1996, as did the CANSIM identifiers for the series, due to definitional differences created by new legislation.

3 Effective annual % increase in base rates.

4 Includes all strikes and lockouts, legal or illegal, lasting one-half day or more and amounting to 10 or more person-days. Time lost by workers indirectly affected, such as those laid off because of a stoppage by other employees, is not included.

1 Les données annuelles sont obtenues en calculant la moyenne des totaux mensuels sauf dans le cas du nombre de prestations et des demandes initiales et renouvelées pour lesquelles on prend la somme. Une autre estimation annuelle du nombre de personnes visées par l'assurance-emploi, tirée des déclarations d'impôt de Revenu Canada, est disponible, sur demande.

2 Depuis le 1er juillet 1996, ces séries sont calculées différemment et les numéros série dans CANSIM ont changé en raison des nouvelles définitions attribuables aux modifications législatives.

3 Augmentation annuelle en % en vigueur des taux de base.

Canada owes the success of its statistical system to a longstanding partnership between Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued cooperation and goodwill.

Les données publiées dans les tableaux sont les données disponibles le 7 août 2009.

Certains tableaux comprennent des composantes choisies et donc leurs sommes diffèrent des totaux. De plus, la plupart des données sont arrondies.

Les numéros de Cansim correspondant aux données de cette publication, aussi appelés les nombres vecteurs, apparaissent au-dessus de chaque colonne de données. Pour accéder à un numéro de vecteur dans Cansim, on doit taper la lettre «V» avant le numéro.

1 Annual data are averages of the monthly estimates except for benefit weeks and claims received, where the sums are used. Another estimate of EI coverage, derived from annual tax returns filed with Revenue Canada, is also available on request.

2 The calculation of these figures changed as of July 1, 1996, as did the CANSIM identifiers for the series, due to definitional differences created by new legislation.

3 Effective annual % increase in base rates.

4 Includes all strikes and lockouts, legal or illegal, lasting one-half day or more and amounting to 10 or more person-days. Time lost by workers indirectly affected, such as those laid off because of a stoppage by other employees, is not included.

1 Les données annuelles sont obtenues en calculant la moyenne des totaux mensuels sauf dans le cas du nombre de prestations et des demandes initiales et renouvelées pour lesquelles on prend la somme. Une autre estimation annuelle du nombre de personnes visées par l'assurance-emploi, tirée des déclarations d'impôt de Revenu Canada, est disponible, sur demande.

2 Depuis le 1^{er} juillet 1996, ces séries sont calculées différemment et les numéros série dans CANSIM ont changé en raison des nouvelles définitions attribuables aux modifications législatives.

3 Augmentation annuelle en % en vigueur des taux de base.

4 Comprend les lock-out et grèves, légaux ou illégaux, d'au moins une demie-journée et de 10 jours-personnes ou plus. Exclut temps perdu par les travailleurs indirectement touchés, comme ceux qui sont mis à pied par suite de l'arrêt de travail d'autres employés.

1 Les données annuelles sont obtenues en calculant la moyenne des totaux mensuels sauf dans le cas du nombre de prestations et des demandes initiales et renouvelées pour lesquelles on prend la somme. Une autre estimation annuelle du nombre de personnes visées par l'assurance-emploi, tirée des déclarations d'impôt de Revenu Canada, est disponible, sur demande.

2 Augmentation annuelle en % en vigueur des taux de base

3 Comprend les lock-out et grèves, légaux ou illégaux, d'au moins une demie-journée et de 10 jours-personnes ou plus. Exclut temps perdu par les travailleurs indirectement touchés, comme ceux qui sont mis à pied par suite de l'arrêt de travail d'autres employés.

Une autre estimation annuelle du nombre de personnes visées par l'assurance-emploi, tirée des déclarations d'impôt de Revenu Canada, est disponible, sur demande.

2 Augmentation annuelle en % en vigueur des taux de base.
